### Summary of Patent (Amendment) Rules

#### 1. Form 3 – Statement and Undertaking:

- a. Applicants are required to file a
  - i. A Form-3 within six months from the date of filing the application.

- ii. An updated Form 3 earlier was required to be filed (to keep the Controller informed of the details of foreign applications) within six months from the date of such filing. Under revised **rule 12(2)**, the applicant is now required to submit such updated details within **3 months** from the date of issuance of First statement of objection (or First examination report).

#### 2. Information under Section 8(2)

- a. Under unamended rule 12 (3), the controller under sub-section (2) of Section 8, could ask the applicant to furnish information relating to objections, if any, in respect of novelty and patentability of the invention, claims of application allowed, etc., in respect of any foreign application. The said information was then

required to be submitted within six months from the date of such communication by the Controller.

- b. Under revised **rule 12(3)**, the “*Controllers may use accessible and available databases for considering the information relating to applications filed in a country outside India*”.
- c. Under Section 8(2), the Controller may also direct the applicant to furnish a fresh Form 3 within **2 months** from the date of such communication under the new **rule 12(4)**.
- d. Under the **new rule 12(5)**, timeline for filing Form-3 can be further extended by three months upon a request made in Form 4.

### 3. Divisional Applications under Section 16:

- a. **New sub-rule (2A)** inserted after **rule 13(2)**, for clarification of scope of divisional applications. According to the said sub-rule, an applicant can file one or more further applications under Section 16, including in respect of an invention disclosed in the provisional or complete specification or a further application filed under Section 16.

### 4. Request for Examination (RFE):

- a. Timeline for filing request for examination of patent application reduced from forty-eight months to **thirty-one months (from the date of earliest priority)**.
- b. The amendment also clarifies that in respect of an application filed before the commencement of present amendments, the period for making request for examination would be 48 months.

### 5. Extension of time to file a response to the examination report:

- a. In **Rule 24B (6)**: The text “*The time for putting an application in order for grant under Section 21 as prescribed under sub-rule (5) may be further extended for a period of three months on a request in Form 4 for extension of time along with prescribed fee, made to the Controller before expiry of the period specified under sub-rule (5)*” is replaced with “*The time for putting an application in order for grant under Section 21 as prescribed under sub-rule (5) may be further extended for a period of three months on a request in Form 4 for extension of time along*

*with prescribed fee, made to the Controller before expiry of the period specified herein.*”

- b. Similarly, in rule 24C(11): The text “*The time for putting an application in order for grant under Section 21, as prescribed in sub-rule (10) may be further extended for a period of three months on a request for extension made in Form 4 along with the prescribed fee, made to the Controller before the expiry of the period specified under sub-rule (10)*” is replaced with text “*The time for putting an application in order for grant under Section 21, as prescribed in sub-rule (10) may be further extended for a period of three months on a request for extension made in Form 4 along with the prescribed fee, made to the Controller before the expiry of the period specified under herein.*”

Implying essentially that an extension to respond to the examination report can be filed anytime before nine months from the issuance of the examination report, instead of six months from the issuance of the examination report.

f. Under **rule 56(4)**, the timeline for submission of Opposition Board recommendation is reduced from three months to **two months**.

## 8. Certificate of Inventorship:

a. New **rule 70A** inserted after rule 70 wherein the Controller may issue a certificate of inventorship to an inventor for a patent in force on a request made in Form 8A.

## 9. Renewal Fee:

a. Advance renewal fee can be paid for **two or more years** under **rule 80(3)**. Ten percent reduction will be provided on applicable renewal fee in case advance renewal fee is submitted through the electronic mode for at least four years.
